Dear Mr. Herman Garritsen and the team,

Thank you for your kind hearts and charitable aid in these difficult times for our country.
Every day more and more children-refugees from the East of Ukraine come to our children's hospital for help.

The beds we received from you are very necessary and extremely useful in our hospital.
We express our sincere gratitude for all the support and to everyone who is involved in volunteering and charity. Together to the Victory!

Thank you!
On behalf of our team and our little patients,

Natalia ZYMAK-ZAKUTNIA,
Director
